

Intensive Training in the Dialectical Behavior Therapy Prolonged Exposure Protocol for PTSD

Virtual Live Training | September 18-21, 2023 | 7:00am – 3:30pm PST
Melanie Harned, PhD, ABPP & Samantha Yard, PhD

Description

This 4-day virtual live workshop is designed to provide intensive training in how to integrate PTSD treatment into standard DBT. Participants will learn the DBT Prolonged Exposure (DBT PE) protocol for treating PTSD, one of the newest developments in DBT research and practice. Research has shown that this protocol can be added to DBT to allow for integrated treatment of PTSD, suicidal and self-injurious behavior, and other co-occurring problems. Participants will learn how to use DBT strategies to prepare high-risk and multi-problem clients for the DBT PE protocol as well as how to determine when clients are ready to begin formal PTSD treatment. The structure and procedures of the DBT PE protocol will be taught in a session-by-session format with extensive opportunities to watch video examples and practice delivering each of the primary treatment components. Particular attention will be paid to discussing strategies for overcoming common problems that arise during PTSD treatment with high-risk and multi-problem clients as well as how to tailor the treatment to address the complex characteristics of this client population.

Learning Objectives

As a result of this training, participants will be able to:

1. Explain the rationale for developing the DBT PE protocol.
2. Describe the evidence base supporting DBT PE.
3. Identify DBT strategies to use to prepare high-risk and multi-problem clients for DBT PE.
4. Determine if clients are ready for formal PTSD treatment.
5. Explain the treatment rationale (i.e., how PTSD is maintained and how DBT PE works to reduce PTSD).
6. Conduct the Trauma Interview and select traumatic events to target via imaginal exposure.
7. Provide psychoeducation about common dialectical reactions to trauma.
8. Explain the rationale for using in vivo exposure to treat PTSD.
9. Develop an in vivo exposure hierarchy.
10. Explain the rationale for using imaginal exposure to treat PTSD.
11. Conduct imaginal exposure.
12. Conduct processing of imaginal exposure.
13. Describe the typical pattern of change in emotions over the course of DBT PE.
14. Determine when to pause and resume DBT PE to address higher-priority problems.
15. Address avoidance that interferes with exposure.
16. Address emotional over- and under-engagement during exposure.
17. Address stuck beliefs and emotions that interfere with reducing PTSD.
18. Teach skills for preventing and managing a relapse of PTSD.

Who Should Attend

This advanced workshop is intended for mental health professionals who:

- Have received DBT Intensive or Foundational training (or equivalent),
- Currently provide DBT individual therapy to adolescents or adults, and
- Agree to read the DBT PE manual prior to the training:
 - Harned, M. S. (2022). *Treating trauma in Dialectical Behavior Therapy: The DBT Prolonged Exposure protocol (DBT PE)*. New York, NY: Guilford Press.

Location

The workshop will be held via Zoom video conferencing platform. You will be sent information with instructions for logging in prior to the workshop.

Schedule (all times are in Pacific Standard Time)

Day One	
6:30 – 7:00	Login and Test Zoom Set-Up
7:00 – 9:00	Overview of the Treatment and Research Support
9:00 – 9:30	Break
9:30 – 11:00	Using DBT to Prepare Clients for PTSD Treatment
11:00 – 12:00	Lunch
12:00 – 1:30	Determining Readiness to Begin the DBT PE Protocol
1:30 – 2:00	Break
2:00 – 3:15	DBT PE Session 1: Treatment Rationale
3:15 – 3:30	Q&A, Completion of Evaluation, and Log-Out

Day Two	
6:30 – 7:00	Login and Test Zoom Set-Up
7:00 – 9:00	DBT PE Session 1: Trauma Interview, Commitments, and DBT Skills Plan
9:00 – 9:30	Break
9:30 – 11:00	DBT PE Session 2: Psychoeducation and Rationale for In Vivo Exposure
11:00 – 12:00	Lunch
12:00 – 1:30	DBT PE Session 2: In Vivo Exposure Hierarchy and Assigning Homework; Optional Joint Session
1:30 – 2:00	Break

2:00 – 3:15	DBT PE Session 3: Rationale for Imaginal Exposure
3:15 – 3:30	Q&A, Completion of Evaluation, and Log-Out

Day Three	
6:30 – 7:00	Login and Test Zoom Set-Up
7:00 – 9:00	DBT PE Session 3+: Conducting Imaginal Exposure
9:00 – 9:30	Break
9:30 – 11:00	DBT PE Session 3+: Conducting DBT-Informed Processing
11:00 – 12:00	Lunch
12:00 – 1:30	The Course of Change in DBT PE: Treatment Responders & Non-Responders
1:30 – 2:00	Break
2:00 – 3:15	The Course of Change in DBT PE: Treatment Responders & Non-Responders (Cont.)
3:15 – 3:30	Q&A, Completion of Evaluation, and Log-Out

Day Four	
6:30 – 7:00	Login and Test Zoom Set-Up
7:00 – 9:00	Addressing Common Problems
9:00 – 9:30	Break
9:30 – 11:00	Addressing Common Problems (Cont.)
11:00 – 12:00	Lunch
12:00 – 1:30	Addressing Common Problems (Cont.)
1:30 – 2:00	Break
2:00 – 3:15	DBT PE Final Session(s): Relapse Prevention and Consolidation, Stage 3
3:15 – 3:30	Q&A, Completion of Evaluation, and Log-Out

Trainers

Melanie Harned, PhD, ABPP is a Psychologist and Coordinator of the DBT Program at the VA Puget Sound Health Care System as well as an Associate Professor in the Department of Psychiatry and Behavioral Sciences and Adjunct Associate Professor in the Department of Psychology at the University of Washington. Dr. Harned has previously worked as the Research Director of Dr. Marsha Linehan’s Behavioral Research and Therapy Clinics at the University of Washington (2006-2018), Director of Research and Development for Behavioral

Tech, LLC (2014-2017), and Director of Behavioral Tech Research, Inc. (2013-2016). Dr. Harned's research focuses on the development and evaluation of the DBT Prolonged Exposure protocol for PTSD as well as methods of disseminating and implementing this and other evidence-based treatments into clinical practice. She regularly provides training and consultation nationally and internationally in DBT and DBT PE and has published numerous articles and book chapters on these treatments. She is a certified DBT therapist, a certified PE therapist and supervisor, is board certified in Behavioral and Cognitive therapy, and is licensed as a psychologist in the state of Washington.

Samantha Yard, PhD received her clinical psychology doctorate from the University of Washington (UW), where she spent three years in the DBT Practicum in the Behavioral Research and Therapy Clinics (BRTC), learning DBT from Drs. Marsha Linehan and Melanie Harned. During this time, she also served as an individual therapist and group co-leader on an NIMH-funded randomized clinical trial of DBT with the DBT Prolonged Exposure protocol for PTSD. While at UW, she also received consultation and mentorship from Dr. Lori Zoellner in the use of Prolonged Exposure for PTSD. Her prior research centers on the intersection between trauma, emotion regulation, intimate relationships, and health, which she explored in an NIMH-funded pre-doctoral fellowship, and further developed at the VA Puget Sound during a postdoctoral fellowship in PTSD at the Mental Illness Research, Education & Clinical Center. Now she serves as Manager of the Intensive Outpatient Program for VA Puget Sound, primarily focused on program development, training and supervision, and the treatment of PTSD and suicidality. She co-founded the VA Puget Sound's comprehensive DBT Program, and she provides supervision, training and consultation in DBT both locally and nationally.

Cost

Workshop Registration Fee:

- *Early Bird Discount:* for registrations received and paid by July 15, 2023 – **\$1,495 per person**
- *Standard Price:* for registrations received and paid by September 17, 2023 – **\$1,595 per person**

This fee covers the cost of the workshop and supporting materials, which will include electronic copies of the slide handouts and additional training materials that will be emailed to you prior to the workshop.

Continuing Education Credits (optional)

- *Continuing Education Credits* - **\$20 per person**

This fee covers the cost of 26 Continuing Education credits that will be offered by Antioch University Seattle. CE credits must be registered and paid for separately via Antioch University's website (see details below).

Scholarships

Ten scholarships (typically a 50% discount) are available for clinicians who: (1) cannot afford to pay the full registration fee, and (2) work primarily with [NIH-designated health disparity populations](#). Scholarship applications are due by July 5th and can be downloaded here: <https://dbtpe.org/training>

Registration and Payment

Registration for the workshop and CE credits must be completed separately via two different websites.

Workshop Registration:

Registration and payment for the workshop can be completed via Eventbrite here:

<https://dbtpe-intensive-sept2023.eventbrite.com>

Workshop fees are refundable up to 30 days before the event (minus Eventbrite's ~6% processing fee).

Continuing Education Credits Registration:

Registration and payment for Continuing Education credits can be completed via Antioch University here:

<https://ce.antioch.edu/intensive23>

CE fees are fully refundable up to 7 days before the event. Cancellations received between 6 and 3 days before the event are entitled to a 50% refund. Cancellations 2 or less days before the event will not be eligible for a refund.

Continuing Education Information

Continuing Education (CE) credits are being offered for this workshop by Antioch University Seattle as described below.

Washington State - 26 CE credits will be available to licensed marriage and family therapists, licensed mental health counselors, licensed social workers, and psychologists within Washington State. Late arrivals or early departures will NOT receive CE credit.

Workshops offered by Antioch University Seattle are recognized as continuing education activities under the rules adopted by the Washington State Examining Board of Psychology (WAC 246-924-240) and the Licensed Counselors Advisory Committee (WAC 246-809-620).

Outside of Washington State - CE credit policy can vary from state to state. Participants licensed outside of Washington state should check with their state licensing board and/or professional affiliation boards to determine if this workshop qualifies for CE credit.

All participants are expected to attend the full course in order to receive credit. Participants are required to sign in online at the beginning and conclusion of the course and participate fully in the course, Q&A and any assessments given by the presenters.

Questions about the CE credits for this event can be directed to Ingrid Ingerson: iingerson@antioch.edu

Other Information

All participants will be required to sign a Video Privacy Agreement prior to being admitted to the training. This agreement can be completed in the online workshop registration.
